SAVE + PLUG = PLAY

All Ad-Digital screens use a straight forward PLUG + PLAY system. Simply load the content in the order you want it to be displayed onto a USB stick from your computer or laptop using the supplied scheduling software; insert it into the screens USB port; wait for the data to load; remove the USB stick and your images, videos and music will run automatically from the internal memory card. It couldn't be easier!

24/7 Usage
